129 Planning Applications

To decide a consultee written response on the Planning applications as follows:

1) REF: HCC/2024/0088 Busta Triangle (Eversley Quarry)

The importation of inert materials to deliver a long-term sustainable restoration landform to enable the establishment of high-quality nature conservation habitat and commercial forestry, including the maintenance and use of existing points of access to and from Eversley Quarry and the establishment and use of ancillary facilities.

EPC Consultee Comment: EPC feels that it is important that any infill is compatible for the proposed heathland habitat as possible and that any final land levels ensure proper drainage off both the A327 and Coopers Hill, as well as all footpaths or bridleways. EPC would also welcome additional footpaths and bridleways around the site as compensation for the increase in vehicular traffic through the village during the infill process.

2) REF: 24/00232/HOU Williamsgate, The Street

Amendment to planning permission 20/00247/HOU and retrospective application for internal reconfiguration of floor plan and changes to windows.

EPC Consultee Comment: No comment.

There being no further items for discussion the Chairman closed the meeting at 8:23pm.
