Eversley Neighbourhood Plan Working Group Meeting

Agenda for meeting 19th November 2026 19:30 Eversley Village Hall

1) Apologies for absence
2) Minutes of the last meeting
3) What is next and deliverables
    a) Update from Hart on their Call for Sites and implications for ENP
    b) Design Code
    c) Plans for 2027
4) Policy Review -

The policies are on pages 26-62 of the draft NP. We will be doing spell and typo checks and making sure all links and bookmarks work. So please focus on the narrative and content for now.

There are rather a lot of planning context references - these are necessary to show the independent examiner, who will assess the plan, that we have taken into account national and district frameworks and that we are not just repeating them in our NP policies. The main narrative to read and comment on is:

- Policy intent
- Policy wording in blue boxes
- Justification
- Community Consultation.

Please read the policies you are assigned and supporting evidence in advance. Assign someone in your group to feedback comments and with a summary to Sally and Liz.

- Does the policy support the vision and strategic objectives of the Plan (see page 7-8)?
- Are you happy with the justification of the policy? Is there anything else we could add by
- way of evidence? If so, do we have this evidence (review the Appendices) or do we
- need to source?
- Do you support the wording in the blue boxes as this will guide future developments? If
- not provide an alternative, bearing in mind we need to ensure it is deliverable via the
- planning framework rather than just an aspiration.
- Have we captured the right community feedback?
- Any other comments

Team A: Liz, Neil, Wendy, Kim

- ENP 1-Housing
- ENP2 - Rural Exception
- ENP8 - Design Code
- ENP10 -Green Spaces

Team B: Rosie, Pat, Annie, Ed
